PCSC Product Worksheet

Access Software   [www]   One (1) to Unlimited Card Readers and Cardholders

- **LiNC-NXG**............................Access Control Software
  - **NXG-Photo ID** ....Photo ID Option
  - **NXG-EASY Lobby** ....Visitor Management Option
  - **NXG-View** ....CCTV and Graphics Option
  - **NXG-SMARTELV** ....Smart Elevator Interface Option (software interface) Ottis and Thyssenkrupp

Access Controllers [www]   All PCSC controllers are backward & forward compatible w/Access Control Software

Fault Tolerant Series: Providing 99% Availability for Alarm & Card Authorization, Peer-to-Peer, Automatic Communicaiton Cutover

- **FT** ....Fault Tolerant Controller
  - **DDM**...................................Dual Door Module
  - **SDM** ....Single Door Module
  - *Other configurations available, Rack Mount, Network Display Screens, etc.*

IQ Series: Reader Priority Distributed Intelligence from 2 to 12 reader configurations, below configurations include: Controller, Enclosure, Power Supply & Ethernet Communications.

- **IQ200 M PS LAN**.................2 Reader capacity
  - **IQ400 M PS LAN**.................4 Reader capacity
  - **IQ600 M PS LAN**.................6 Reader capacity
  - **IQ800 M PS LAN**.................8 Reader capacity
  - **IQ1000 M PS LAN** ....10 Reader capacity
  - **IQ1200 M PS LAN** ....12 Reader capacity
  - *Other configurations available, e.g., Alarm Inputs, Outputs - Contact PCSC*

SIM Series: Input Priority Distributed Intelligence Controllers 32 Supervised inputs - below configurations include: Controller, Enclosure, Power Supply & RS485 Communications.

- **SIM L PS** ....32 Supervised inputs - No reader Support
  - **SIM 400 L PS** ....32 Supervised inputs - 4 reader Support
  - **SIM 800 L PS**.....................32 Supervised inputs - 8 reader Support
  - *Other configurations available, e.g., Alarm Inputs, Outputs & Ethernet Connunications - Contact PCSC*

Elevator Controllers:
- **IQ2ELV**...............................2 cab interface, Up to 16 Relay Floors total
  - **IQ2ELV2** ....2 cab interface, Up to 32 Relay Floors total
  - **IQ2ELV3** ....2 cab interface, Up to 48 Relay Floors total
  - **IQ2ELV4** ....2 cab interface, Up to 64 Relay Floors total
  - **IQ4ELV**...............................4 cab interface, Up to 16 Relay Floors total
  - **IQ4ELV2** ....4 cab interface, Up to 32 Relay Floors total
  - **IQ4ELV3** ....4 cab interface, Up to 48 Relay Floors total
  - **IQ4ELV4** ....4 cab interface, Up to 64 Relay Floors total
  - *Other configurations available - Contact PCSC*

Security Readers   [www]

WaveLynx: Available in Mullion, Wall switch and Free Mobile Credential-Compatible with HID 25Khz Proximity Technology/13.56 MHz - Open Standards

- **ET-10-7WS**..........................Mullion Reader - Dual Tech w/Mobile
  - **ET-20-7WS**..........................Wall Switch Reader - Dual Tech w/Mobile
  - **ET-25-7WS** ....Reader/Keypad - Dual Tech w/Mobile
  - *Other configuration options available - Contact PCSC*

Biometric Readers:
- **SAFR Scan** ....Facial Recognition Multiple face detection uo to 15 feet, On-Premise or Cloud with optional: Tailgating, Video Analytics
